- Stripe

Host:
- Heroku
- Cloudinary

Professional Summary

As a motivated and adaptable graduate, I have acquired a diverse set of skills in both front-end and back-end development over the past three years. My focus has been on obtaining certification in full stack development from Code Institute, while juggling work and studies. I have a particular interest in Bootstrap and Django frameworks and continuously strive to expand my knowledge of other beneficial frameworks.

With a passion for web development and a strong work ethic, I am excited to take the next step in my career by joining a team as a junior web developer. I am eager to further develop my skills and gain hands-on experience in the field while contributing to projects and growing with the company.
